

How to download your copy of Cabinet Wizard

The Cabinet Wizard add-on to SketchList 3D is built into SketchList 3D. As a new user of SketchList 3D the download link for your installation copy has the Cabinet Wizard built in.

Existing users must upgrade their copy of SketchList 3D. Follow these steps to do so.

You now have two keys. One for Sketchlist 3D. Another for the Cabinet Wizard. You were sent these when you bought. Under the help menu item

Click on Enter Wizard License Key and enter the key. It is better to copy and paste then type it in.
